

ProLine T80 Air Compressor Kit For 3.5HP To 6.5HP Engines

It connects easily to dredge motor to supply hookah breathing system.. The T80 compressors are recommended for shallow diving conditions including dredging. Factory recommended RPM is 1800 5/8" shaft. Produces 1.8 CFM at 45 PSI.

It is suggested to purchase a PS2 pump seal since the pump will need to be removed to install the compressor kit.
