## <u>DigiTech XBS Bass Multi-band</u> <u>Compressor Pedal</u>

DigiTech XBS Bass Multi-band Compressor Pedal

The Bass Squeeze<sup>m</sup> is the result of collaboration between DigiTech and dbx $^{m}$  to create the world's finest bass compression pedal. Utilizing award- winning dbx $^{m}$  OverEasy $^{m}$  technology, the Bass Squeeze $^{m}$  delivers dual-band compression, creating the best bass compressor found in any stompbox.

Level — controls the overall compression level

Crossover — selects the frequency at which the signal crosses over from the low band to the high band control. The frequency range runs from 100 Hz to 3 kHz

Low Band — adjusts the amount of low frequency compression plus the output level

High Band — adjusts the amount of high frequency compression plus the output level

Dual Outputs. The Amp output is for connecting directly to a bass amplifier. The Mixer output, with CIT™ bass cabinet emulation technology, is for connecting directly to a mixing board or headphone preamp

## **Specifications**

Max Input 1 MOhms
Max Output 100 Ohms

Power Supply 9V Alkaline Dry Battery

Power Consumption 4.8Watts (w/optional PS200R power supply)
Battery Life Approximately 4 hours (with continuous usage)

Dimensions 4  $15/16''(L) \times 3 1/8''(W) \times 2 1/8''(H)$ 

Unit Weight 1.38 lbs.
