

Dean Markley Nickel Light Electric Guitar Strings 2502B

Dean Markley Nickel Electric Guitar Strings, .009-.042

Sporting a new look, our NickelSteel Electric™ strings are the cornerstone of Dean Markley. They're used and loved by thousands of pros worldwide, and they have been for decades. Tried and true, with long-lasting tone.

With nickel-plated steel hand-wound slowly over a hex core, the outer string wrap maintains 100% contact with the core. The result? A string that vibrates completely for maximum sustain, creating a warm, full sound distinctive of classic rock and roll. The core-to-wrap ratio makes bending easier than other strings, too. There's a reason we've put our signature on 'em. These strings sound and feel like home!
