Fender American Stratocaster Black Rosewood Fingerboard With Hardshell Case

Icon. Not a word to be used lightly. But the Stratocaster is just that. The new American Standard Stratocaster guitars are beauties to behold in sound, look and feel. We kept the handrolled fingerboard edges, alnico V pickups and staggered tuning machines for playability, tone and stability, and added several new features, including: A new bridge with improved bent-steel saddles and a copper infused high mass block for increased resonance and sustain. A new neck treatment tinted for a richer presentation, with the maple or rosewood fingerboard buffed to a high gloss. The back of the neck still has that silky satin finish. A thinner finish undercoat that lets the body breathe and improves resonance.

Features

Unique Features: Bent Steel Saddles with Elongated String Slots, Copper Infused High Mass 100% Metal Bridge Block, Thinner Undercoat Finish for Improved Body Resonance, Tinted Neck, Aged Plastic Parts.
